

DIRECTOR Brandon Otis

Orbital Engineering

Mr. Otis has spent his entire career focused on specialized and distinct business consulting matters. He has testified in federal and state court matters and is a frequent speaker on valuation, forensic accounting, and financial management related topics. His clients have ranged across a wide variety of industries, including: oil and gas, insurance, manufacturing and distribution, professional services, medical practices and construction contractors. They have ranged in size from Fortune 500 firms and some of the nation's largest professional practice firms, to individuals and sole proprietorships.

As a Business Appraiser, Mr. Otis has managed and participated in hundreds of engagements to estimate the value of various types of companies, partnerships, investment holding companies, proprietorships and other entities. He has performed valuations of businesses in industries including, but not limited to: Manufacturing, Oil and Gas, Retail, Distribution, Health Care, Construction, Transportation/Trucking, Real Estate Rental, Asset Management, Startup and Internet Companies, Advertising, and Professional Services.

As a Forensic Accountant, Mr. Otis has managed and conducted hundreds of distinct forensic investigations. Projects have varied from large scale securities and bank fraud to small dollar asset misappropriation investigations. His projects have included investigation into some of the nation's largest frauds and abuses of power.

Additionally, Mr. Otis has valued hundreds of location related exploration rights associated with oil and gas interests for a variety of purposes including estate and gift tax planning and litigation. Interests valued range from oil and gas interests held within holdings of less than 100 acres to ownership interests exceeding 80,000 acres. Mr. Otis is a frequent speaker on the valuation of oil and gas interests and has authored articles published in valuation industry periodicals.
